

## 2016 Registration Now Open

### Registration Changes for 2016

We are excited to move to a new on-line registration system for our league which will allow families to manage their own contact information directly and have their own access to receipts as required. Registering and paying on-line will be simple.

Registration in upcoming years will be even easier as all your information will already be in the system. Toll free tech support will be available if there are any problems. More Changes to the Little League Baseball Age for Players born on or after September 1, 2005

At the fall 2015 meeting of the Little League International Board of Directors, it was approved to grandfather the four months of children born between May 1 and August 31, 2005, for the 2018 season, so that no child will lose their 12-year-old season of Little League Baseball. So what does that really mean? Last year the youngest Minor players had birthdays to the end of December of the calendar year. This year the youngest Minors will have a birthday on or before August 31, 2007. Players born after that will be part of our Rookie program. For players in Rookie and T-Ball the age determinations start in September.

For full details please refer to Little League International:

### Early On-Line Registration Prize Draw

### Refer a Friend Program

Tell a friend who currently isn't playing with East Nepean Little League all about the great time you have playing baseball and get them to sign up too! The new player can add your name to their registration form and BOTH of you will be put in a draw to win some East Nepean prizes. How great is that?!

## Notes from the President

I would like to say thanks to all our volunteers for the work they have done and whose continued support of East Nepean Little League has helped make our league a big part in the community we live in.

With 2015 behind us and the fantastic memories of hosting the Little League Canadian Championships we look forward to the planning of the 2016 season. The development of players, coaches and umpires and having fun will be the focus and main objective in the 2016 season.

With all of us pitching in, our players and families will appreciate the benefits of the enthusiasm and involvement in their Little League experience.
